Independent Auditors' Review Report

To the Board of Directors of Run Long Construction Co., Ltd.:

Introduction

We have reviewed the consolidated financial statements of Run Long Construction Co., Ltd. and its subsidiaries ("Run Long Group"), which comprise the consolidated balance sheets as of June 30, 2026 and 2025, the consolidated statements of comprehensive income for the three months ended June 30, 2026 and 2025, and for the six months ended June 30, 2026 and 2025, the consolidated statements of changes in equity and cash flows for the six months ended June 30, 2026 and 2025, and notes to the consolidated financial statements, including a summary of significant accounting policies. It is the responsibility of the management to prepare and ensure fair presentation of consolidated financial statements in accordance with Regulations Governing the Preparation of Financial Reports by Securities Issuers, and the version of IAS 34 - "Interim Financial Reporting" approved and published by the Financial Supervisory Commission. Our responsibility as auditor is to form a conclusion based on our review.

Scope of Review

We, the auditors, have performed the review in accordance with Standards on Review Engagements No. 2410 - "Financial Statement Review." The procedures executed in our review of consolidated financial statements include inquiry (mainly with employees responsible for financial and accounting affairs), analysis and other review-related processes. The scope of financial statement review is significantly smaller than a financial statement audit, therefore we may not be able to detect all material issues through the steps we have taken, and are therefore unable to provide an audit opinion.

Conclusion

Based on the outcome of our review, none of the material disclosures of the consolidated financial statements mentioned above exhibited any misstatement that did not conform with Regulations Governing the Preparation of Financial Reports by Securities Issuers or the version of IAS 34 - "Interim Financial Reporting" approved by the Financial Supervisory Commission, or compromised the fair view of the consolidated financial position of Run Long Group as of June 30, 2026 and 2025, consolidated business performance for the three months and six months ended June 30, 2026 and 2025, and cash flow for the six months ended June 30, 2026 and 2025.

Notes to Readers

The accompanying consolidated financial statements are intended only to present the consolidated statement of financial position, financial performance and its cash flows in accordance with the accounting principles and practices generally accepted in the Republic of China and not those of any other jurisdictions. The standards, procedures and practices to audit such consolidated financial statements are those generally accepted and applied in the Republic of China. The auditors' review report and the accompanying consolidated financial statements are the English translation of the Chinese version prepared and used in the Republic of China. If there is any conflict between, or any difference in the interpretation of the English and Chinese language auditors' review report and consolidated financial statements, the Chinese version shall prevail.

(1) Company history

Run Long Construction Co., Ltd. (the "Company") was incorporated in January 1977 as a company limited by shares under the Company Act of the Republic of China (R.O.C.). The Company's registered address is 8F., No. 267, Lequn 2nd Rd., Zhongshan Dist., Taipei City 104, Taiwan (R.O.C.). Shares of the Company were approved for listing by Taiwan Stock Exchange Corporation on August 3, 1994. The consolidated financial statements of the Company as of and for the period ended June 30, 2026, comprise the Company and its subsidiaries (together referred to as the "Group" and individually as "Group entities"). The Group primarily engages in the business of construction, sale, and leasing of residential and commercial buildings. Please refer to note 14 for details.

(2) Approval date and procedures of the consolidated financial statements

The accompanying consolidated financial statements were authorized for issue by the Board of Directors on August 10, 2026.

(3) New standards, amendments and interpretations adopted

(a) The impact of the International Financial Reporting Standards ("IFRSs") endorsed by the Financial Supervisory Commission, R.O.C. which have already been adopted.

The Group has initially adopted the following new amendments, which do not have a significant impact on its consolidated financial statements, from January 1, 2026:

- IFRS 17 "Insurance Contracts" and amendments to IFRS 17 "Insurance Contracts"
- Amendments to IFRS 9 and IFRS 7 "Amendments to the Classification and Measurement of Financial Instruments"
- IFRS improvements for the year
- Amendments to IFRS 9 and IFRS 7 "Contracts Referencing Nature-dependent Electricity"

(b) Impact of not adopting the IFRSs endorsed by the FSC

Based on the Group's own evaluation, adopting the newly revised international financial reporting standards listed below that take effect from January 1, 2027 onwards does not have material impact on the consolidated financial statements.

- IFRS 19 "Subsidiaries without Public Accountability: Disclosures" and amendments to IFRS 19 "Subsidiaries without Public Accountability: Disclosures"
- Amendments to IAS 21 “Translation to a Hyperinflationary Presentation Currency”

The Group expects to initially apply the following newly issued and newly amended international financial reporting standards from January 1, 2028:

(i) IFRS 18 - "Presentation and Disclosure in Financial Statements"

The new standard introduces three categories of income and expenses, two income statement subtotals and one single note on management performance measures. The three amendments, combined with enhanced guidance on how to disaggregate information, set the stage for better and more consistent information for users, and will affect all the entities.

- A more structured income statement: under current standards, companies use different formats to present their results, making it difficult for investors to compare financial performance across companies. The new standard promotes a more structured income statement, introducing a newly defined ‘operating profit’ subtotal and a requirement for all income and expenses to be allocated between three new distinct categories based on a company's main business activities.
- Management performance measures (MPMs): the new standard introduces a definition for management performance measures, and requires companies to explain in a single note to the financial statements why the measure provides useful information, how it is calculated and reconcile it to an amount determined under IFRS Accounting Standards.
- Greater disaggregation of information: the new standard includes enhanced guidance on how companies group information in the financial statements. This includes guidance on whether information is included in the primary financial statements or is further disaggregated in the notes.

IAS 7 "Statement of Cash Flows" has been revised in line with the new standard, requiring companies to use the indirect method to prepare cash flows from operating activities, starting with the newly defined ‘operating profit’ subtotal. Due to the adoption of the new starting point, some of the adjustments included in the reconciliation will change. In addition, the amendments provide specific guidance on the classification of cash receipts and payments of interest and dividends.

The Group is currently evaluating the impact of the initial application of the aforementioned standards on the consolidated financial statements.

(ii) Amendments to IAS 28 "Fair Value Option for Investments in Associates and Joint Ventures"

The Group does not expect the application of this newly amended standard to have a significant impact on its consolidated financial statements.

(c) The impact of IFRS issued by IASB but not yet endorsed by the FSC

The Group does not expect the following new and amended standards, which have yet to be endorsed by the FSC, to have a significant impact on its consolidated financial statements:

- Amendments to IFRS 10 and IAS 28 "Sale or Contribution of Assets Between an Investor and Its Associate or Joint Venture"
- IFRS 20 "Control of Assets and Liabilities"

(4) Summary of material accounting policies

(a) Statement of compliance

These consolidated financial statements have been prepared in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers (hereinafter referred to as "the Regulations") and the version of International Accounting Standards No. 34 - "Interim Financial Reporting" endorsed and issued into effect by the Financial Supervisory Commission (FSC), R.O.C. The consolidated financial statements do not necessarily include all the information to be disclosed in full-year consolidated financial statements that are prepared in accordance with FSC-approved IFRS, IAS, and interpretations thereof (collectively referred to as "FSC-approved IFRS/IAS" below).

The consolidated financial statements were prepared using the same principles as the 2025 consolidated financial statements. Except for note 4 (c) mentioned below, all significant accounting policies are identical to the 2025 consolidated financial statements. For more information, please refer to note 4 in the 2025 consolidated financial statements.

(b) Basis of consolidation

(i) List of subsidiaries included in the consolidated financial statements

List of subsidiaries in the consolidated financial statements:

			Shareholding			
Name of investor	Subsidiaries	Principal activity	June 30, 2026	December 31, 2025	June 30, 2025	Description
The Company	Jin Jyun Construction Co., Ltd.	Construction, housing and building development rental services etc.	100.00%	100.00%	100.00%	

(ii) List of subsidiaries which are not included in the consolidated financial statements: None.

(c) Income tax

The Group measures and discloses income tax expenses for the interim period according to section B12 of IAS 34 - "Interim Financial Reporting."

Income tax expense is measured by multiplying interim profit before tax with the

management's best estimate of estimated average effective tax rate for the year and is fully recognized as current tax expense.

Where income tax expense is recognized directly in equity or other comprehensive income, the amount is measured using the temporary differences between asset/liability figures presented for financial reporting purpose and asset/liability figures used for taxation basis and the tax rate applicable at the time when assets/liabilities are expected to be realized/settled.

(5) Significant accounting assumptions and judgments, and major sources of estimation uncertainty

The management is required to make certain judgments and estimates about the future, including climate-related risks and opportunities, when preparing consolidated financial statements that comply with FSC-approved IAS 34 "Interim Financial Reporting." These judgments and estimates may affect the types of accounting policies adopted and amounts of asset, liability, income, and expense reported. Actual results may differ from these estimates.

The accounting policies and major sources of uncertainty to significant judgments, estimates, and assumptions involved in the preparation of the consolidated financial statements were identical to note 5 of the 2025 consolidated financial statements.

(6) Explanation of significant accounts

There was no significant difference in the explanation of significant accounts between the current consolidated financial statements and the 2025 consolidated financial statements, except for the matters discussed below. Please refer to note 6 of the 2025 consolidated financial statements for more details.

(a) Cash and cash equivalents

Total	**$ 1,031,962**	**1,957,589**	**438,878**

Note: The Group long-term notes receivable with maturities exceeding one year are presented under the line item “Other Non-current Assets”.

(i) The Group applies the simplified approach to provide for its expected credit losses, i.e. expected loss provision over the useful life, for all note and account receivables measured at amortized cost. To measure the expected credit losses, note and trade

receivables have been grouped based on shared credit risk characteristics and the days past due, as well as the incorporated forward looking information.

(ii) The expected credit losses of the note receivables and trade receivables were as follows:

	June 30, 2026		
	Gross carrying amount	Weighted average loss rate	Loss allowance Provision
Current	$ 1,031,962	-	-

	December 31, 2025		
	Gross carrying amount	Weighted average loss rate	Loss allowance Provision
Current	$ 1,957,589	-	-

	June 30, 2025		
	Gross carrying amount	Weighted average loss rate	Loss allowance Provision
Current	$ 438,878	-	-

For the six months ended June 30, 2026 and 2025, there were no expected credit losses recognized or reversed.

As of June 30, 2026, December 31, 2025, and June 30, 2025, note receivables had been pledged as collateral; please refer to note 8.

(d) Inventories

(ii) Assessment of tax

Profit-seeking enterprise income tax filing for the Group has been certified by the tax authority up to 2024.

(q) Capital and other equity

There was no significant change in the Group's share capital and other equity for the six months ended June 30, 2026 and 2025, except for the matters discussed below. Please refer to note 6(q) of the 2025 consolidated financial statements for more information.

(i) Ordinary shares

On June 9, 2026, the general meeting of shareholders resolved to process cash capital reduction in an amount of NT$1,786,064 thousand, and eliminate 178,606 thousand shares in order to adjust the capital structure and increase the rate of return on stockholders' equity. The Chairman was authorized, after obtaining approval from the competent authorities, to determine the base date for the capital reduction and handle other related matters.

On June 17, 2025, the general meeting of shareholders resolved to process capital reduction by cash in an amount of NT$992,258 thousand, and eliminate 99,226 thousand shares in order to adjust the capital structure and increase the rate of return on stockholders' equity. The Company has filed the above-mentioned capital reduction with the Taiwan Stock Exchange Corporation, which became effective on August 15, 2025. Additionally, the Chairman resolved to use August 25, 2025, as the base date for the capital reduction. The relevant statutory registration procedures have since been completed.

(ii) Capital surplus

The components of the capital surplus were as follows:

		June 30, 2026	December 31, 2025	June 30, 2025
Premium on issuance of capital stock	$	12,021	12,021	12,021
Others		15,199	14,715	14,714
	$	**27,220**	**26,736**	**26,735**

According to the R.O.C. Company Act, capital surplus can only be used to offset a deficit, and only the realized capital surplus can be used to increase the common stock or be distributed as cash dividends. The aforementioned realized capital surplus includes capital surplus resulting from premium on issuance of capital stock and earnings from donated assets received. According to the Regulations Governing the Offering and Issuance of Securities by Securities Issuers, capital increases by transferring capital surplus in excess of par value should not exceed 10% of the total common stock outstanding. Furthermore, changes in other capital surplus represented the difference between acquisition price and book value of subsidiaries' shares and dividends that remain uncollected by shareholders past the deadline.

(iii) Retained earnings

In accordance with the Company's Articles of Incorporation, stipulates that Company's net earnings should first be used to offset the prior years' deficits, if any, before paying any income taxes. Of the remaining balance, 10% is to be appropriated as legal reserve, and then any remaining profit together with any undistributed retained earnings shall be distributed according to the distribution plan proposed by the Board of Directors and submitted to the stockholders' meeting for approval. Before the distribution of dividends, the Company shall first take into consideration its operating environment, industry developments, and the long-term interests of stockholders, as well as its programs to maintain operating efficiency and meet its capital expenditure budget and financial goals in determining the stock or cash dividends to be paid. When distributing dividends, the Company determines the stock or cash dividends to be paid. The limit of dividend distribution is maintained between 10% and 100% of current-year earnings distribution. The cash dividends shall not be below 10% of total dividends.

As the Company distributes all or part of dividends, or legal reserve, or capital with cash, the Company should hold a Board meeting to pass the resolution by more than half of the directors present at the Board meeting, which meeting requires a quorum of two thirds of all the directors present. The resolution should be submitted to the Shareholder's meeting.

1) Legal reserve

When a company incurs no loss, it may, pursuant to a resolution by a shareholders' meeting, distribute its legal reserve by issuing new shares or by distributing cash, and only the portion of legal reserve which exceeds 25% of capital may be distributed.

2) Special reserve

In accordance with the FSC, a portion of current-period earnings and undistributed prior-period earnings shall be reclassified as special earnings reserve during earnings distribution. The amount to be reclassified should equal the current-period total net reduction of other shareholders' equity. Similarly, a portion of unappropriated earnings prior-period earnings shall be reclassified as special earnings reserve (and does not qualify for earnings distribution) to account for cumulative changes to other shareholders' equity pertaining to prior periods. Amounts of subsequent reversals pertaining to the net reduction of other shareholders' equity shall qualify for additional distributions.

3) Earnings distribution

On June 9, 2026 and June 17, 2025, the general meeting of shareholders resolved the amount of cash dividends of earnings distribution for the years ended December 31, 2025 and 2024. The amount of dividends distribution was as follows:

	2025		2024	
	Amount Per Share (Dollars)	Amount	Amount Per Share (Dollars)	Amount
Dividends distributed to ordinary shareholders:				
Cash	$ 1.50	**1,339,547**	2.00	**1,984,515**

For details on note and account receivable, and allowance for impairment, please refer to note 6(c).

The amount of revenue recognized for the six months ended June 30, 2026 and 2025 that was included in the contract liability - Sales of real estate balance at the beginning of the period were NT$2,001,489 thousand and NT$5,091 thousand, respectively.

The major change in the balance of contract assets and liabilities is the difference between the time frame in the performance obligation to be satisfied and the payment to be received. There were no other significant changes for the six months ended June 30, 2026 and 2025.

(t) Employee and directors' remuneration

On June 17, 2025, the Company's shareholders' meeting resolved to amend the Articles of Incorporation to align with Article 14, Paragraph 6 of the Securities and Exchange Act, explicitly stipulating the minimum ratio of remuneration to be allocated to basic-level employees. According to the amended Articles, when the Company records a profit for the year, no less than 0.1% shall be appropriated as employee remuneration (of which no less than 10% must be allocated to basic-level employees), and no more than 1% shall be appropriated as director remuneration. The allocation shall be determined by the Board of Directors and reported to the shareholders' meeting. However, if the Company has accumulated deficits, the profit should be reserved to offset the deficit. Employee remuneration and basic-level employee remuneration may be distributed either in the form of shares or cash. Eligible recipients include employees of controlled or subordinate

companies who meet certain criteria, with such criteria authorized to be determined by the Board of Directors.

The Company had estimated employee remuneration at NT$10,288 thousand and NT$22,000 thousand, and director remuneration at NT$4,144 thousand and NT$10,000 thousand, respectively, for the three months and six months ended June 30, 2026. Due to net loss before tax for the six months ended June 30, 2025, the Company is not required to estimate employee/director remuneration. These figures were estimated by multiplying the amount of profit before tax and before employee/director remuneration for the respective periods by the percentages of employee/director remuneration stated in the Articles of Incorporation, and are presented as operating expense for the respective periods. If there is any difference between the actual amount distributed in the following year and the estimated amount, the difference will be accounted for as a change in accounting estimate and recognized in profit or loss in the following year. If a resolution is made by the meeting of Board of Directors to distribute employee remuneration by shares, the number of shares to be distributed will be calculated based on the closing price of the Company's ordinary shares, one day before the date of the meeting of Board of Directors.

For the years 2025 and 2024, the Company estimated employee remuneration at NT$18,000 thousand and NT$20,000 thousand, and directors' remuneration at NT$7,000 thousand and NT$8,000 thousand, respectively. These amounts were indifferent from the actual amounts paid. More information can be found on the Market Observation Post System.

(v) Financial instruments

There was no significant change in the fair value of the Group's financial instruments or credit risk, liquidity risk, and market risk exposures arising from use of financial instruments, except for the matters discussed below. Please refer to note 6(v) of the 2025 consolidated financial statements for more information.

(i) Credit risk

1) Credit risk exposure

The carrying amounts of financial assets and contract assets represent the maximum amount of credit risk exposure.

2) Concentration of credit risk

The Group's major receivables are derived from the Construction Business and the Construction Contractor Departments. The accounts receivable from the Construction Contractor Department mainly consist of intra-group companies and listed companies with good credit ratings. Therefore, there is no significant credit risk.

The real estate receivables generated from real estate development and sales business by the Construction Business Department are mainly from individuals. The receivables are mainly in the form of remittances, cash receipts, and bank loans for real estate financing, etc. Therefore, the related credit risk is low, and there is no allowance for loss for overdue receivables upon assessments.

3) Credit risk of receivables

For credit risk information on notes and accounts receivable and other non-current assets, please refer to Note 6(c).

(ii) Liquidity risk

The following table shows the contractual maturities of financial liabilities, including estimated interest payments and excluding the impact of netting agreements.

The Group does not expect the cash flows included in the maturity analysis to occur significantly earlier or at significantly different amounts.

(iii) Market risk

1) Interest rate analysis

Please refer to the notes on liquidity risk management and interest rate exposure of the Group's financial assets and liabilities.

The following sensitivity analysis is based on the exposure to the interest rate risk of derivative and non-derivative financial instruments on the reporting date. Regarding assets with variable interest rates, the analysis is based on the assumption that the amount of assets outstanding at the reporting date was outstanding throughout the year. Interest rate sensitivity analyses are reported to the management by applying a variance of 0.5% above and below. This variance conforms with the management's expectation about the possible and reasonable range of interest rate variation.

If the interest rate had increased/decreased by 0.5%, the Group's interest expenses would have increased/decreased by NT$29,992 thousand and NT$47,785 thousand, respectively, for the six months ended June 30, 2026 and 2025, with all other variable factors remaining constant. After taking capitalized interest into account, net profit would have decreased or increased by NT$13,574 thousand and NT$10,268 thousand, respectively. This is mainly due to the Group's borrowing at variable rates.

2) Other market price risk

For the six months ended June 30, 2026 and 2025, the sensitivity analyses for the changes in the securities price at the reporting date were performed using the same basis for the profit and loss as illustrated below:

	For the six months ended June 30, 2026	For the six months ended June 30, 2025
Price of Securities at Reporting Date	**Other Comprehensive Income after Tax**	**Other Comprehensive Income after Tax**
10% increase	**$ 79,819**	**73,104**
10% decrease	**$ (79,819)**	**(73,104)**

(iv) Information of fair value

1) Valuation techniques for financial instruments measured at fair value

The fair value of financial assets and liabilities at fair value through profit or loss, and financial assets at fair value through other comprehensive income is measured on a recurring basis. The carrying amount and fair value of the Group's financial assets and liabilities, including the information on fair value hierarchy were as follows; however, except as described in the following paragraphs, for financial instruments not measured at fair value whose carrying amount is reasonably close to the fair value, and lease liabilities, disclosure of fair value information is not required:

2) Valuation techniques for financial instruments measured at fair value

a) Non-derivative financial instruments

Financial instruments that are openly quoted in an active market will have fair value determined at the openly quoted price. Fair values of public-listed (OTC-traded) equity instruments and debt instruments openly quoted in active markets are determined using market prices quoted on major exchange and OTC center for actively traded government bonds.

A financial instrument is deemed to be openly quoted on an active market if reliable quotations (that are representative of transactions actually and frequently taking place in a fair market) can be obtained from stock exchange, brokers, underwriters, industry associations, pricing institutions, or the authority on a timely and frequent basis. A market is deemed inactive if it fails to satisfy the above conditions. Determining whether a market is active involves judgment.

Fair values and extents of financial instruments quoted in active markets are listed as follows:

Fair value of listed stocks and corporate bonds are determined by market prices, for they are issued with standard terms and conditions, and are quoted in active markets.

b) Derivative financial instruments

Measurement of the fair value of derivative instruments is based on the valuation techniques generally accepted by market participants such as the discounted cash flow or option pricing models. Fair value of forward currency is usually determined by the forward currency exchange rate. Structured Interest Rate Derivatives financial instruments are based on appropriate option pricing models (such as the Black-Scholes model) or other evaluation methods.

The discounted cash flow method is used to estimate the fair value. The main assumptions are considering the probability of occurrence base on the surplus before the tax, interest, depreciation and amortization to estimate the price to be paid, and are estimated as the present value after discounting, whose discount rate is adjusted base on the risk.

3) Transfers between levels

Stock held by the Group quoted in an active market is sorted to Level 1. There was no change in valuation techniques for the six months ended June 30, 2026 and 2025. There was no transfer between levels of fair value input for the six months ended June 30, 2026 and 2025.
